## Report of the Superintendent of Schools

To the School Board and Citizens of Middleton:

At the close of another municipal year I take pleasure in submitting to you my fourteenth annual report as superintendent of the schools of Middleton.

The usual statistics relating to the schools will be found in the following table:

### STATISTICS FOR THE YEAR ENDING JUNE 30, 1932

| School              | Teacher        | Total No. Enrolled | Average Membership | Average Attendance | Percent Attendance | No. of Tardiness |
|---------------------|----------------|--------------------|--------------------|--------------------|--------------------|------------------|
| Ridge               | Grace H. Brock | 16                 | 15.05              | 14.28              | 94.20              | 31               |
| Corner              | Hazel D. Smith | 26                 | 23.56              | 21.74              | 92.27              | 15               |
| Totals and averages |                | 42                 | 38.62              | 36.02              | 93.27              | 45               |

The totals and averages in this table differ but slightly from those of the preceding year. The number of pupils is two less. There is a slight increase in the per cent of attendance and in the number of instances of tardiness.

The number of pupils enrolled in our schools for the present year is 48, an increase of eight above the number enrolled last year.

The roll of honor which follows contains the names of those pupils who have been neither absent nor tardy for one or more quarters during the year:

One quarter, Clarence Jenness, Mary Stevens, Emma Tufts, Lloyd Tanner, Martha Hill, Wallace Hill, Edwin Leighton, Evelyn Leighton, Roland Young, John Di Prizio, John Eastman.

Two quarters: Alden Jenness, Fred Tufts, Helen Eastman, Ruth Eastman, Edwina Young, Willard Young, Angie Colbath, James Smith.

Three quarters: June Tufts, Evelyn Di Prizio, Eunice Rundlett, Barbara Tufts, Thelma Tufts.

Full year: Priscilla Tufts, Stanley Perkins.

At the last annual meeting the voters of the district by a small majority expressed a preference that the Hollow school be opened in place of the Corner school. An appropriation of \$300 for the renovation of this building was made and approximately the same amount was deducted from the item of transportation in the budget.

Early in the summer it became evident that the number of pupils who would be assigned to this school would be too large to be accommodated by the building without enlarging it. The amount of the appropriation was not large enough to cover the expenses of building on an addition. Everything considered, it seemed best to continue the school at the Corner for another year and let the voters at the annual meeting again consider the matter and plan for the health and comfort of the pupils who are now badly crowded.

The expense of transportation, consequently, is about the same this year as previously, and it will be necessary for the district to take action to transfer the special appropriation to the general fund to cover this expense.

In considering the question of this school the voters should keep several facts in mind. First, the buildings at the Corner and at the Hollow are almost exactly of the same size, and neither one of them is large enough to take care of the number of pupils we now have in comfort and with due consideration of their health. Second, since the state will contribute to the support of but one school in this part of the town under present conditions, it is impossible to run both schools unless the district pays the entire expense of operating one of them. This

would be too great an expense to ask the district to assume. Third, the district owns no land around either of these houses on which to erect an addition.

It would seem that the voters must choose between three courses of action. First, they may do nothing about the matter. In that case things would remain as they now are with pupils overcrowded and uncomfortable. Second, they may vote to enlarge either of the buildings and make appropriation for the work. In such case they must also make provision for additional land on which to build. Third, they may vote to move either one or both of the bulidings to a new site and construct a building suited to the needs of the pupils.

In any event, the voters should lay aside all personal prejudices and act according to what seems to them to be for the best interests of the children whose lives and interests are concerned.

This report will be accompanied by the report of the school nurse.

Respectfully submitted,

FRED W. DUDLEY,

Superintendent of Schools.

## REPORT OF SCHOOL NURSE

Children were vaccinated before entering school and three after school opened in the fall term.

A toxoid clinic was held for diphtheria prevention and two children received this treatment.

Chicken pox was quite prevalent during the spring term, also colds.

The underweight children were asked to attend the clinic by Dr. Kerr which is held annually and is for anyone wishing to attend.

Respectfully submitted,

MAUDE McBRIDE, R. N.
